4. [redacted] Messrs. [redacted]  
and [redacted] OCI, and [redacted] met with Miss Dorothy Fossdick,  
on the staff of the Senate Government Operations Subcommittee on  
National Security Staffing and Operations. The purpose of the meeting  
was to advise Miss Fossdick of the progress to date of the Agency efforts  
to prepare studies on national security staffing in the Soviet Union and  
Communist China. Outlines of the proposed studies were shown to  
Miss Fossdick who was impressed and satisfied that we were covering  
the areas of interest to the Subcommittee. She emphasized that the Sub-  
committee was primarily interested in unclassified papers which could  
be published by the staff without Agency attribution. However, it was  
arranged that in instances where significant classified information was  
essential to a complete understanding of the subject, classified annexes  
would be prepared for Senator Jackson's personal information. It is  
expected that these studies will be completed around the middle of March.
